Citizen soldiers in the Michigan National Guard are being asked—now more than ever—to step up and play a vital role in our country’s military mission both at home and abroad.

While the men and women of the National Guard are asked to uphold the Constitution and protect Americans’ freedoms, they generally have civilian jobs as well, and require support in both roles. Many of our members are part-time soldiers or airmen, and full-time engineers, mechanics, technicians, police officers, firefighters, teachers, physicians, nurses, and laborers. In addition to their dual service to the military and the civil industries, many are fathers, mothers, grandparents, brothers, sisters, or guardians, working hard to support families all over the state of Michigan.

We owe these hard-working women and men in the Michigan National Guard more than a simple pat on the back or a word of encouragement: They need our full support!

The National Guard Association of Michigan serves to advance the interests of the Michigan National Guard. The association works to promote the welfare of the organization and its members. The association encourages friendships and support networks among its members. NGAM also provides member benefits such as emergency financial support, affordable insurance plans, professional development opportunities, educational scholarships, and more. We offer timely and relevant information about programs that will assist our National Guard airmen and soldiers, and manage legislative affairs on behalf of Michigan National Guardsmen. The NGAM membership looks forward to building an enduring relationship with your organization and welcomes your participation.
