2. NGAM has had 6 consecutive years of membership growth in NGAUS, with a 10% jump from 2021 to 2023, however, we are currently 7% under where we ended 2022. This drop is exclusively due to the expiration of last years complimentary annual memberships- (134 expired and did not renew). EANGUS membership grew by 30 from 2022 to 2023, has seen growth for three straight years and has actually grown an astounding 771% over the last three years.

3. NGAM has fully embraced the Digital Memberships offered by NGAUS and has worked to encourage these lifetime packages by creating digital membership levels for both officers and enlisted members. These digital life memberships are discounted even from the EANGUS and NGAUS offers and can be paid over 4 years if the member prefers. A NGAUS life membership is offered for \$440 and an EANGUS life membership is offered for \$120.
